

THE ELK'S ECHO

EL-KU-TA 520

On FINISHING MY CHILI WHILE SITTING ON A CORN FLAKE

It was cold and the wind was blowing through all the coats and sweaters in town. Then it happened! The little green men from Murray struck!

Washington D. C. was caught off guard. The Pentagon was running into corners, the Capitol building was blown up with a special ray-gun designed by a mad scientist in Germany. The situation got even worse. The President was forced into signing a contract with the general of the green men. Our power was cut off and the people were terrified.

Then IT happened. SUPER 74 (known to most of us as Yarrow) came into the picture (seems as if everybody does sooner or later.) SUPER 74 wiped out the Murray men and found Dr. Procrastin Nation.

Oh, by the way, I did eat a bowl of chili on a corn flake spilt at breakfast.

The ELK'S ECHO is the official publication of the EL-KU-TA LODGE. It is sent out once a month to the members of our lodge. Printing takes place at the council office. We, as chapter officers, have great plans for the coming year. These plans can only be carried out with your support as the members of the chapter.

Anyone who has unsold OUTDOOR GUIDES in the East Chapter is requested to turn them in at the next meeting. Also, bring the money you have for books sold.

Our next meeting will be February 21, at 7:30 p.m. It will be at the Holladay 23rd ward house, 2675 East 4500 South.

We will need your help with elections and ceremony teams. All those interested in helping, please contact the Chief.

JIM'S JOKES ! ! !

REMEMBER -- any joke acceptable, as long as you wouldn't be ashamed to tell it to your mother.

What does an elephant do when he stubs his big toe?

(He calls for a big toe truck)

REMEMBER THAT ONE FOLKS???

These jokes are hard to take!

Then don't try to steal them!

Roses are blue, violets are red,
If you believe this, you're

What do you get from a canary and an elephant?

I DON'T KNOW, BUT IT COSTS ME \$40.00 A DAY TO FEED IT.

Do you know who discovered Poland?

DON'T JUST MEET:

DO

(BUT NOT TOO MUCH)

Experience has proved that the lodges that keep general lodge and chapter meetings at a minimum will have better attendance. Experience also shows that the most active, successful lodges are those that offer service opportunities and are actively involved in helping units and the Council.

It is recommended that general lodge meetings be held semi-annually when the majority of the members can attend. Such times might be during the Christmas holidays and during the summer.

Quarterly meetings of the chapters should be sufficient to keep lodge members informed.

Local lodge officers direct activities through their executive committee meetings. The actual work of the lodge happens through the lodge or chapter committee meetings -- not general meetings. The frequency of committee meetings is determined by the work to be done and the time of the year.

Arrowmen are expected first to give service to and be active in their own Scout troops or Explorer posts. Then, as time permits, they can assist the lodge in such activities as unit elections, camp promotion, service to council camping facilities, etc.

In addition, Arrowmen have other outside and school interests and activities, so they will not be interested in attending too many lodge and chapter meetings. Don't try to schedule too many ceremonies, tap outs, inductions, rehearsals, or fellowships either.

Doing is better than just meeting -- but not too much, please!
