

posting material on site

You can get information on the site in one of two ways:

1. Administrator. contact an administrator or lodge officer (if you don't know one) and he will help you out.
2. Chapter Information. As soon as a chapter member gets trained and a password, he can post all of the information on the site that you want - subject to the site rules.

Photo Information needs to have the help of an Administrator to clear it.
