

Lodge Adviser's Minute

The fall season is a time for change, as we see nature change all around us it reminds us of the constant changes that each one of us deal with. Our lodge officers have a great calendar of events planed for the coming months, If you have not paid your 2013 membership dues yet please click the link at the top of this page and be involved this year with all the new exciting events and activities that they have planned. If you have not been active in the lodge for a while we invite you back, and hope that we will all work together to build and shape the Order of the Arrow program to represent the National Honor Society of the Boy Scouts of America for our Council. After all this is the season for change I hope each one of us can make changes for the better in our own lives to help better the community and the people we are around and associate with.

.

Yours in Brotherhood,

Cal Condie
