

Legend Archive

At the present time the lodge newsletter is called the *Legend*. This name was adopted in May of 1989 . Prior to that the newsletter was called the

Elk's Echo

or just the

Echo

. Prior to 1971 the newsletter was called the

Target

. It is now published in color and sent out electronically to all of the members in the lodge that have email addresses listed. It is still mailed to those who do not.

All of the prior copies that we have are listed here. We have been trying to get copies of all of the past ones for some years. Thanks to many including Mike McBride, Jim Holfeltz and others for giving us access to a large number of them.

They are listed by the year that they were issued, the month and the Chief who was serving at the time. The most recent issue is listed first and then the list goes back in time.

We are still interested in missing copies. Find one that is not on the list and let us copy it and we will make it worth your while.

Issue #1 on the list is the current issue.
